CSIEC2016 is dedicated to Prof. Caro Lucas "a Pioneer of Biological Computing".

First Conference on swarm intelligence and evolutionary computation (CSIEC2016) is a forum for sharing knowledge and results in theory, methodology and new advances and research results in the fields of Evolutionary computation, Swarm Intelligence and Applications. The conference will bring together researchers and practitioners from both academia as well as industry to meet and share cutting-edge development in the field. The Conference welcomes significant contributions in both **English** and **Farsi** languages. Technical exchanges within the research community will encompass keynote lectures, regular and special sessions, workshops, and competitions, as well as poster presentations. In addition, participants will be treated to a series of social functions, receptions, and networking events to establish new connections and foster everlasting friendship among fellow counterparts.

Call for Contributed Papers

Authors are invited to contribute high-quality papers to CSIEC 2016. All papers are to be submitted electronically through the Conference website (<http://csiec2016.bam.ac.ir>). All contributed papers will be refereed by experts in the fields based on the criteria of originality, significance, quality, and clarity. For inquiries, contact Program Chairs Hossein Nezamabadi-pour at nezam@uk.ac.ir or Malihe M. Farsangi at mmaghfoori@uk.ac.ir. We are arranging the publication of English papers with the IEEE xplore. Some outstanding papers will have the opportunity to recommend to the high-quality Journals after the meeting.

Call for Special Sessions

CSIEC 2016 Program Committee also solicits proposals for special sessions within the technical scope of the conference. Special sessions, to be organized by recognized experts, aim to bring together researchers in special focused topics. Papers submitted for special sessions are to be peer-reviewed with the same criteria used for the contributed papers. Researchers interested in organizing special sessions are invited to submit formal proposals to Special Sessions Chair Mahdi Eftekhari at m.eftekhari@uk.ac.ir. A special session proposal should include a proposed session title, a brief description of the scope and motivation, biographic and contact information of the organizer(s).

Call for Workshops

CSIEC 2016 will also feature post-conference workshops covering fundamental and advanced topics on evolutionary computation and swarm intelligence. A workshop proposal should include title, outline, expected enrollment, and presenter biography. Any inquiries regarding the workshops should be addressed to workshops Chair Malihe M. Farsangi at mmaghfoori@uk.ac.ir.

Competition

A competition is shown at [http:// http://csiec2016.bam.ac.ir/info/website/english/site/?pageId=103](http://http://csiec2016.bam.ac.ir/info/website/english/site/?pageId=103). If you are interested in participating of the competitions, please visit the web page of the competition. Any inquiries regarding the competition should be addressed to competition Chair Esmat Rashedi at e.rashedi@kqut.ac.ir.
